

Following the update of 25th March 2008, the next time you log on to Defaqto's Aequos Engage you will be presented with the following message:

Clicking 'OK' will install the upgrade (see slide below) whereas selecting 'Skip' will allow you to continue working with the existing version until you are ready to perform the upgrade. However, we do recommend you perform the upgrade at the earliest opportunity as we are regularly introducing new data and functionality which you may not see until an update has been installed.

Once the update has installed the Engage application will open automatically allowing you to enter your user name and password and continue with your research.

Users who have installed the Windows Installer Setup of Aequos Engage will not receive the above notification, however, they can download the latest Windows Installer Setup from the following location:

<http://www.aequosengage.com/update.asp?page=update>

**PLEASE NOTE: THIS LINK WILL NOT BE AVAILABLE UNTIL 26<sup>TH</sup> MARCH**

If you have any problems with your upgrade please contact Defaqto Customer services on 01844 295544.
